2.5 Disability

All of the requirements of 42 CFR 435.540 and 435.541 are met. The State uses the same definition of disability used under the SSI program unless a more restrictive definition of disability is specified in Item A.13.b. of ATTACHMENT 2.2-A of this plan.

We intend to make as allowed by Section 1902(v)(1) determinations of disability or blindness for the purpose of determining eligibility for medical assistance under the State Plan by the single State agency or its designee, and make medical assistance available to individuals whom it finds to be blind or disabled and who are determined otherwise eligible for such assistance during the period of time prior to which a final determination of disability or blindness is made by the SSA with respect to such an individual. In making such determinations, the State must apply the definitions of disability and blindness found in section 1614(a) of the SS Act.
